

SURFORMA®

Shaping Spaces

# Compact Collection 2023

# COMPACT

## The perfect ally given its structural properties and substantial resistance.

**SURFORMA®'s Compacts** designed to respond to demanding environments stand out by their appearance, quality, resistance and durability, thus becoming reliable and safe products.

**SURFORMA®'s Compacts** can be applied in indoor surfaces, horizontally or vertically, in commercial, institutional & hospitality settings.

Compact has high strength, impact, water and humidity resistance and can be routed to create different shapes and forms.

The ideal solution for wet spaces such as Cubicles, Washroom and Lockers, public bathrooms and spas, public places with great use like schools and hospitals, for furniture tops and much more.

Lockers

Outdoor furniture

Hospital beds

Kitchen balcony

SURFORMA®'s Compacts are compliant with the **EN438** and **LD-3** standards.

These products comply with all requirements in terms of hygiene, surface resistance and mechanical properties.

The Compact surface is **antibacterial**, tested under the standard ISO 22196:2001 and validated accordingly to Japanese regulation JIS Z 2801.

SURFORMA® **ANTIVIRAL** Compacts have been tested under the ISO 21702:2019 standard and show a high viral inactivity rate over 98% after 4 hours.

To assure the **Food Safe Contact** behaviour the product has been tested under the EN 13139-1:2004 for the specific migration and under the standard EN 1186-1:2002 for the global migration.

## A Stronger, Safer and Cleaner Environment Built to Last
